# SCHEDULE

<b>Total Mins</b>	90 Minutes
<b>Class 1</b>	Completion of prework and Introduction of the course.
<b>Class 2</b>	ICPT will be covered in 2 classes of 45 minutes each. With clear understanding of all types.

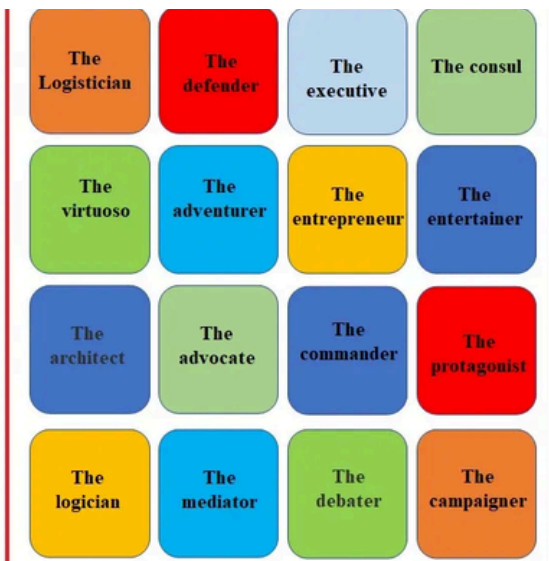

# COURSE OVERVIEW

## Introduction

This course is designed to equip you with the knowledge and skills to apply personality type insights to parenting. By understanding the unique personality types of both parents and children, you will be able to foster more harmonious and effective family dynamics.

**Please note:** Completion of the ICTA (International Certification on Personality Type) module is a prerequisite for all other courses, including ICPT.

# Objectives

By the end of the ICPT module, you will:

- Gain a comprehensive understanding of how personality types influence parenting styles and child development.
- Learn to apply the 5-step model to parenting practices.
- Develop strategies to tailor parenting approaches to the unique needs of each child based on their personality type.
- Utilize cognitive functions to enhance parenting techniques.
- Understand the challenges and strengths associated with different personality types in family settings.
- Foster positive parent-child relationships through personality type insights.
- Support the development of children's strengths and address their unique challenges.

# Course Content

## 1. Introduction to Parenting by Type

- Overview of the significance of using personality types in parenting.
- Enhancing family dynamics through understanding personality types.

## 2. Personality Types and Parenting Styles

- Detailed exploration of how different personality types influence parenting approaches.
