# SCHEDULE

<b>Total Mins</b>	90 Minutes
<b>Class 1</b>	Completion of prework and Introduction of the course.
<b>Class 2</b>	ICTT will be covered in 2 classes of 45 minutes each. With clear understanding of all types.

# COURSE OVERVIEW

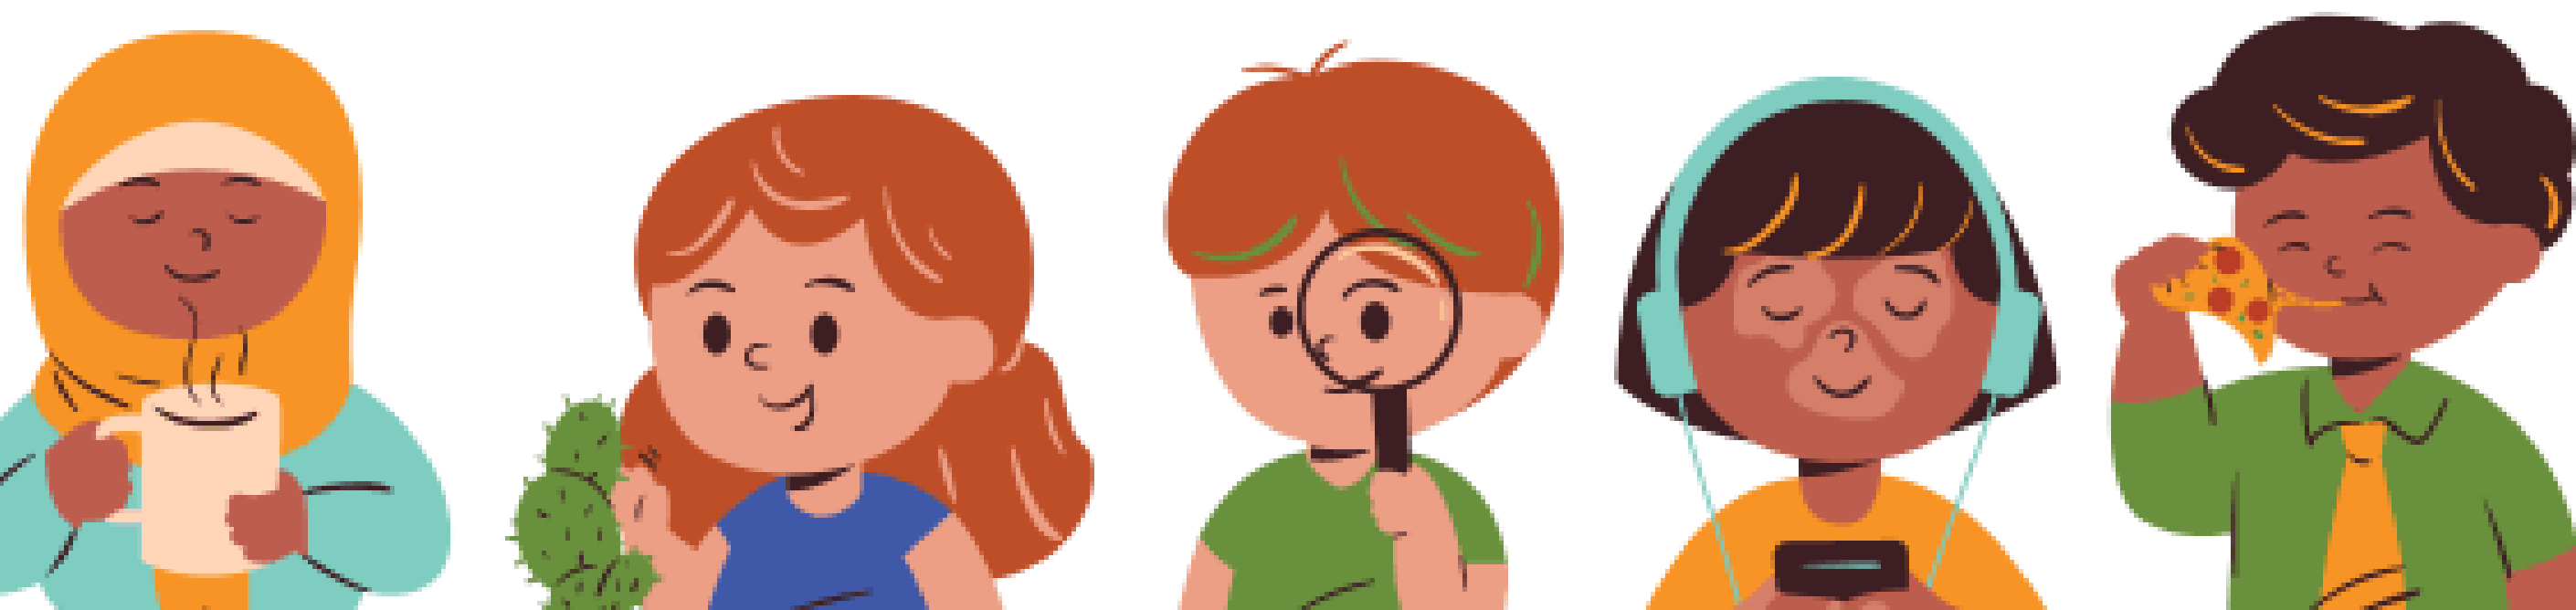

---

## Introduction

The ICTT is designed to equip you with the skills and knowledge to teach and communicate effectively using personality type insights. In today's diverse educational environments, understanding the different personality types of students can significantly enhance teaching effectiveness and engagement. This course will introduce you to the foundational concepts of teaching by type, enabling you to tailor your methods to the unique needs and preferences of your students.

**Please note:** Completion of the ICTA (International Certification on Personality Type) module is a prerequisite for all other courses, including ICTT.

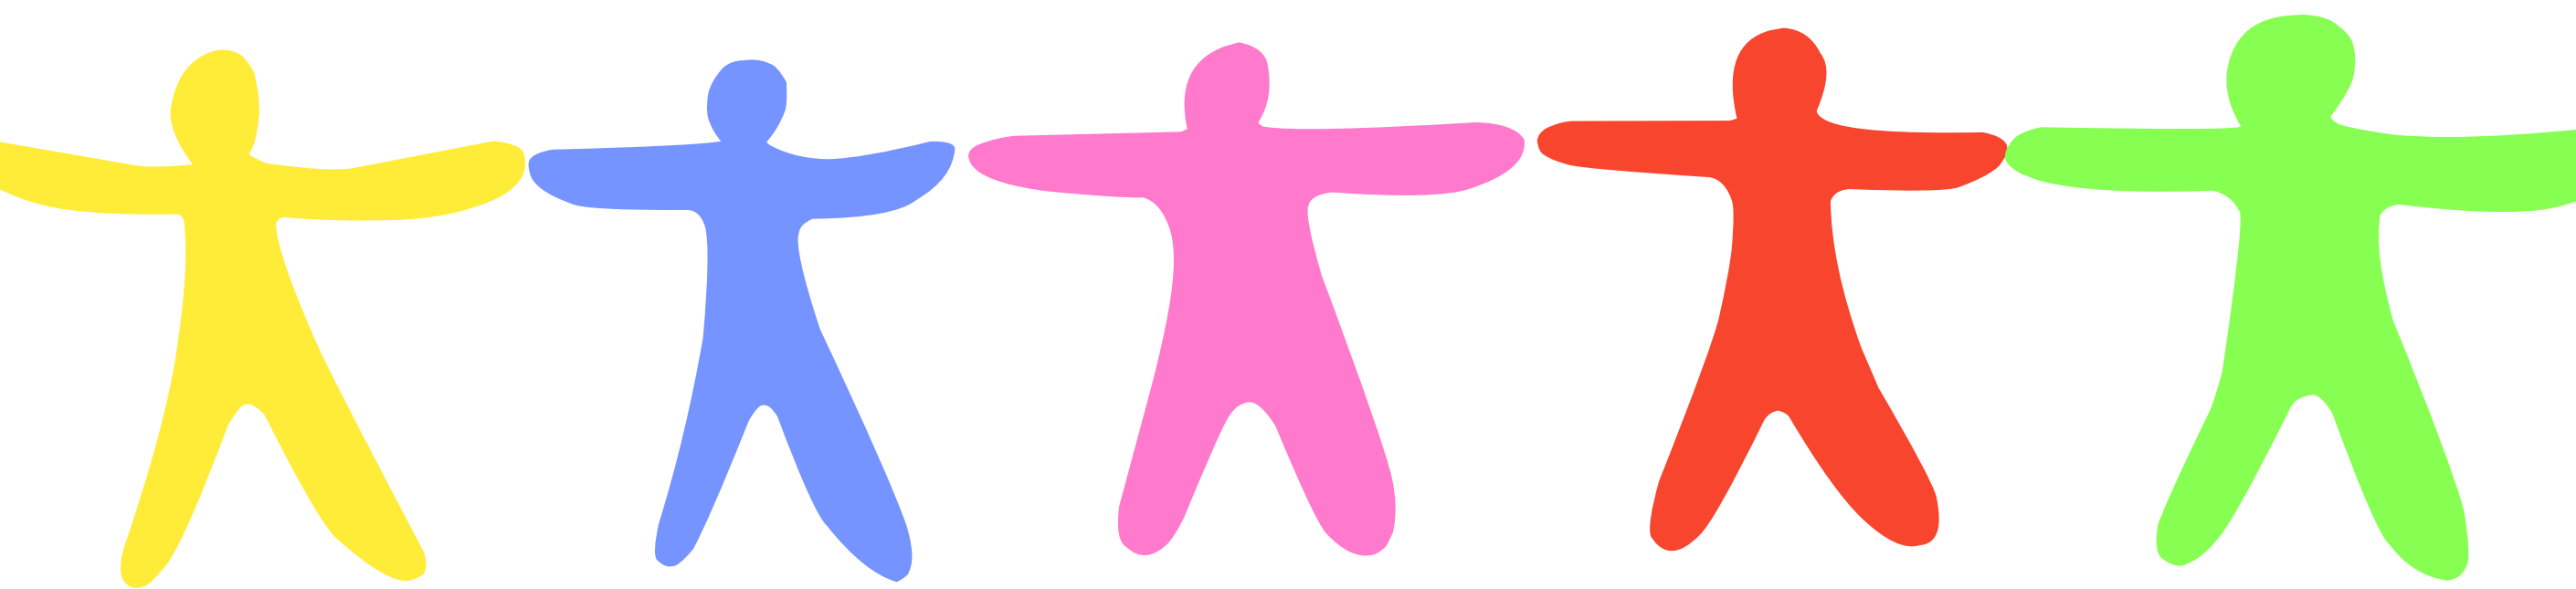

## GETTING TO KNOW YOUR STUDENTS

# Objectives

- Gain a comprehensive understanding of how personality types influence learning styles.
- Learn and apply the innovative 5-step model for teaching by type.
- Develop strategies to engage students by catering to their individual personality preferences.
- Understand and utilize the 8 cognitive functions in educational practices.
- Manage and optimize group dynamics in educational settings.
- Support the development of students' strengths and address their unique challenges.

# Course Content

## 1. Introduction to Teaching by Type

- Overview and significance of teaching by type in modern education.
- Enhancing teaching effectiveness through understanding personality types.

## 2. Carl Jung's Psychological Theories in Education

- Application of Jung's theories to educational settings.
- Key concepts: introversion, extraversion, and the four psychological functions.

## 3. The 5-Step Model for Teaching by Type

Explanation of the 5-step model:

- Identify student personality preferences.
- Understand cognitive functions in learning.
- Tailor teaching methods to individual students.
- Facilitate group learning dynamics.
- Apply insights to enhance educational outcomes.

## 4. Cognitive Functions and Learning Styles

- Understanding the 8 cognitive functions and their impact on learning.
- Practical examples illustrating cognitive functions in the classroom.

## 5. Strategies for Effective Teaching

- Techniques for personalizing instruction based on personality type.
- Methods for managing and optimizing group interactions.
- Strategies for engaging students with different personality types.

## 6. Developing Student Potential

- Strategies for fostering personal growth and development in students.
- Techniques for addressing the unique challenges faced by different personality types.
- Methods for helping students leverage their strengths in learning.

## 7. Practical Applications in Education

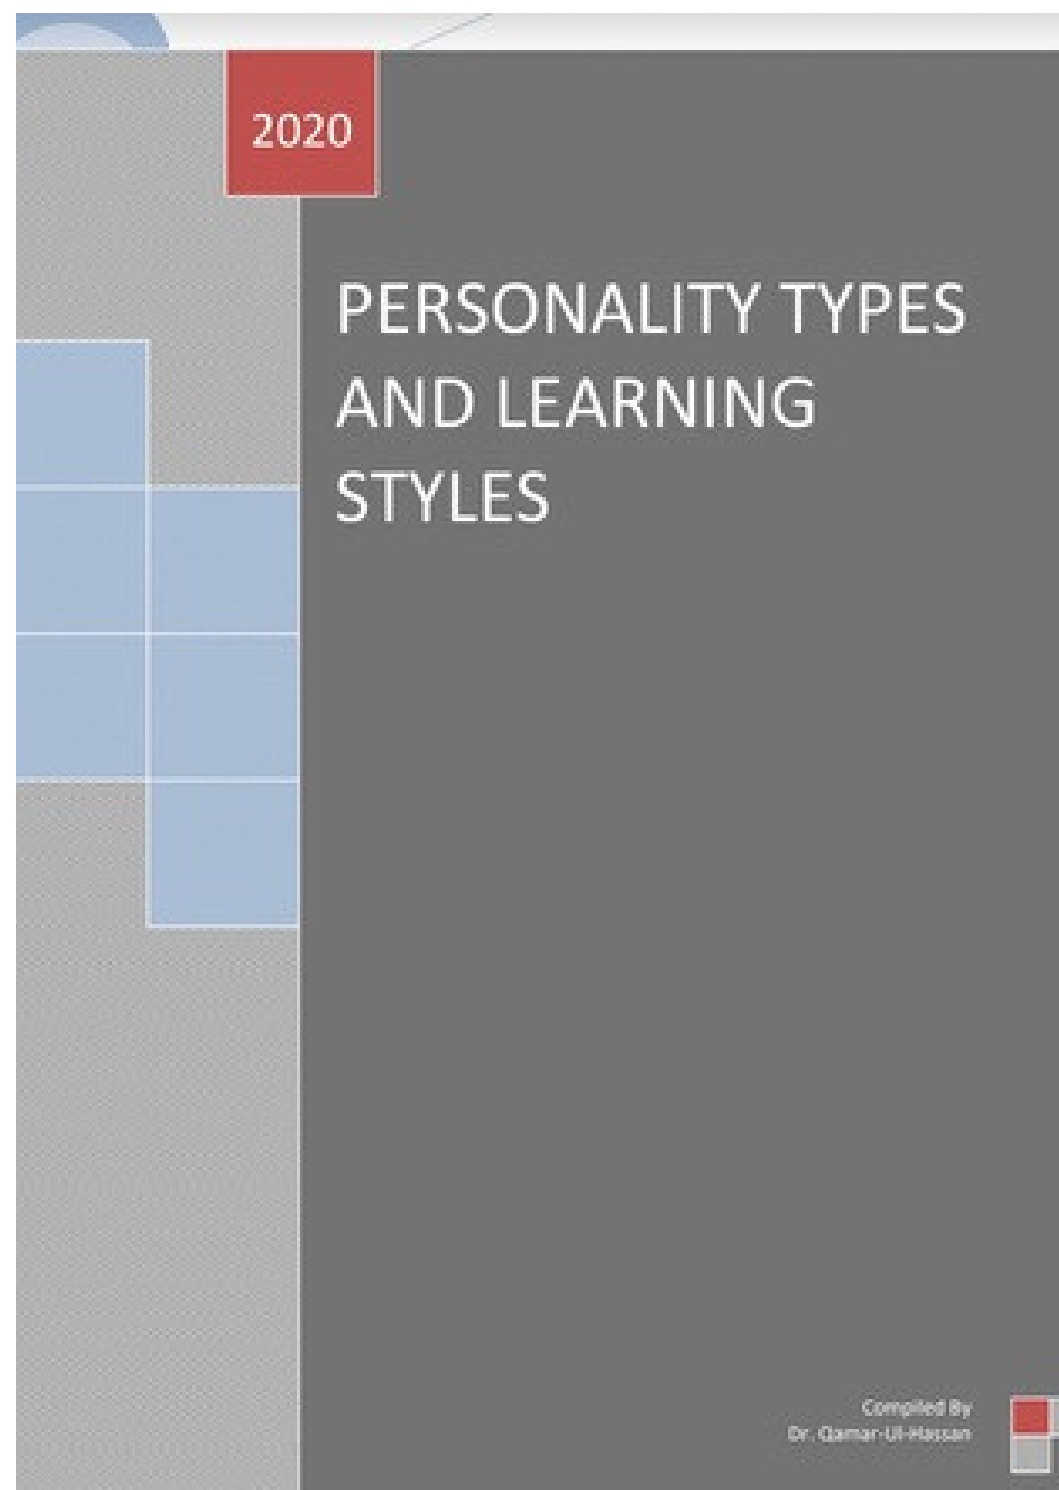

- Case studies and examples showcasing the application of teaching by type in various educational settings.
- Application of personality insights in different educational contexts, including primary, higher education, and adult education.

**IT'S THE TEACHER THAT MAKES  
THE DIFFERENCE, NOT THE  
CLASSROOM.**

# Learning Resources

- Detailed infographics and visual aids to enhance your understanding.
- Ebooks and articles authored by experts, including Dr. Qamar-ul-Hassan.
- Practical guides and tools for conducting personality assessments.
- Access to Dr. Qamar's Type Library, featuring a curated collection of books and articles on personality types.

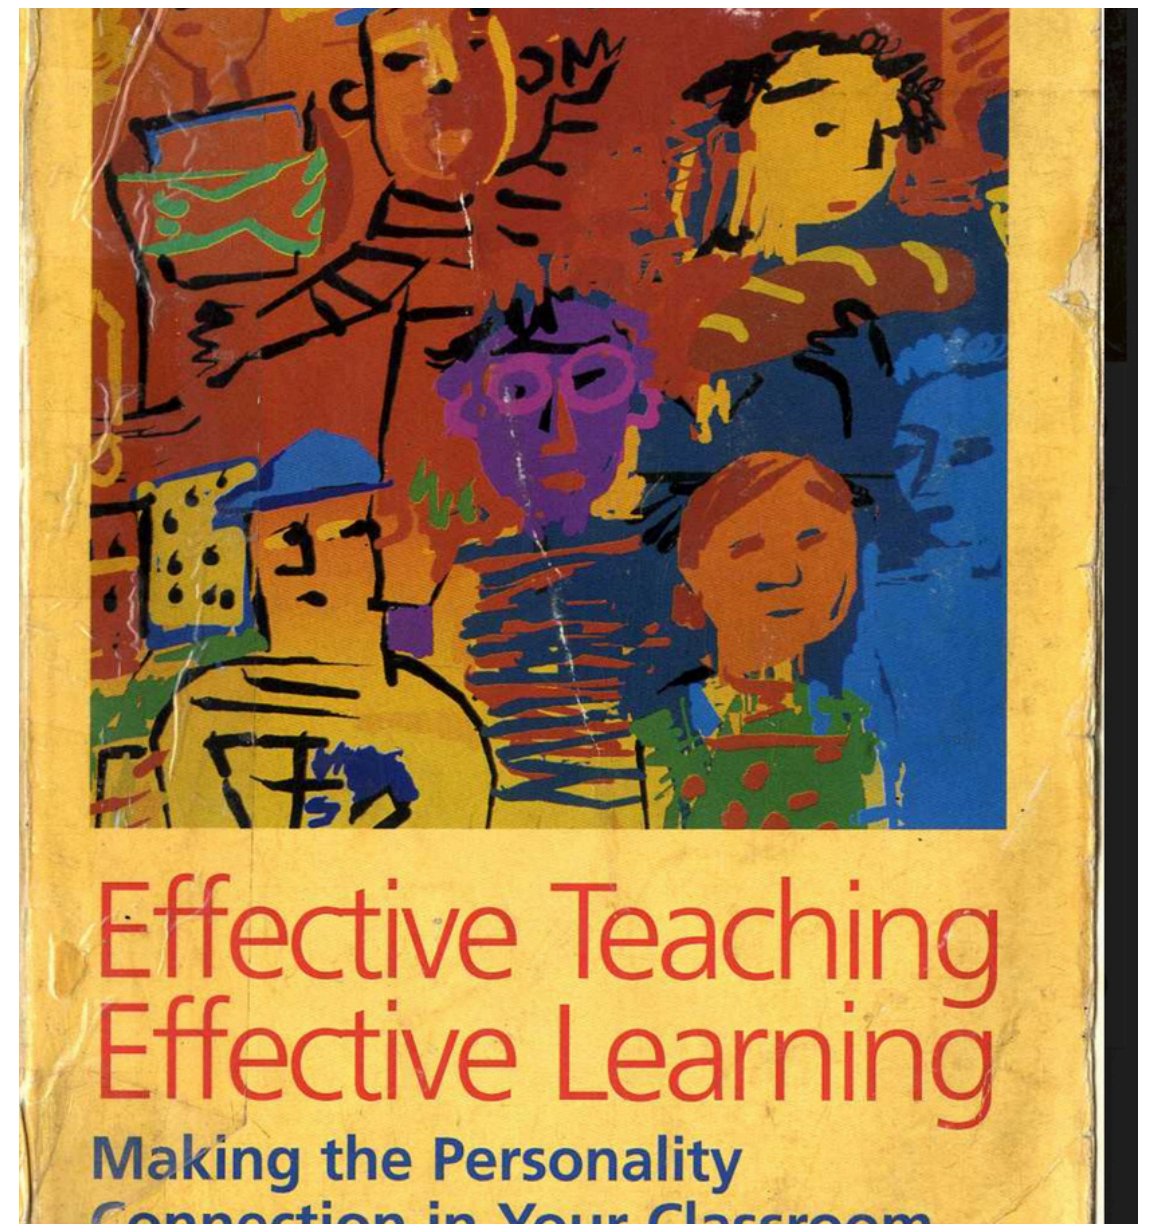

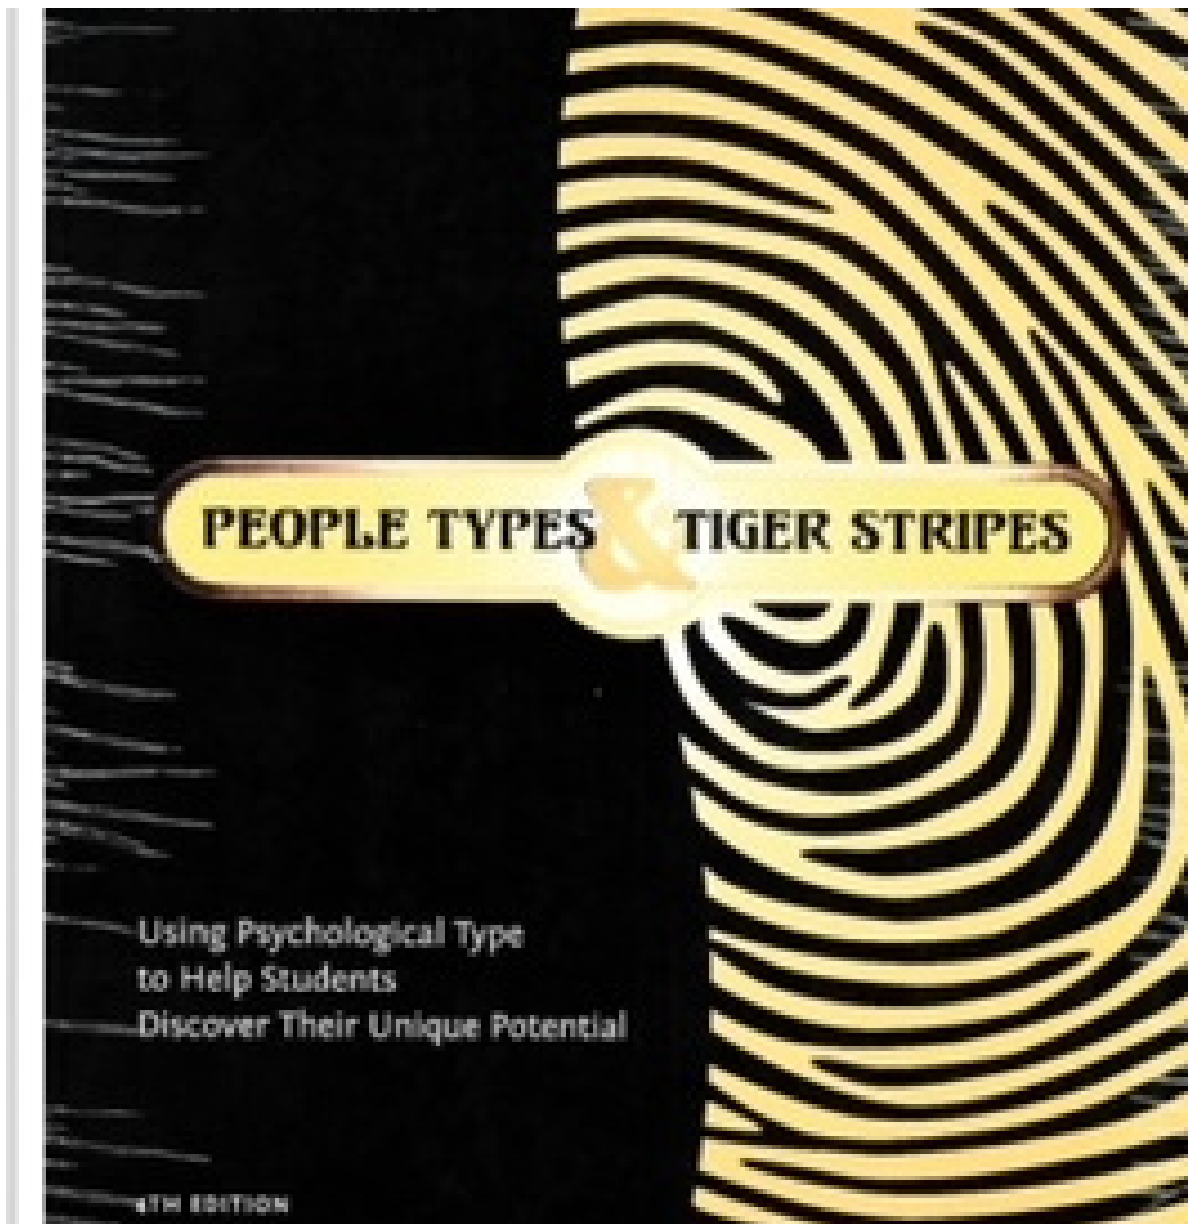

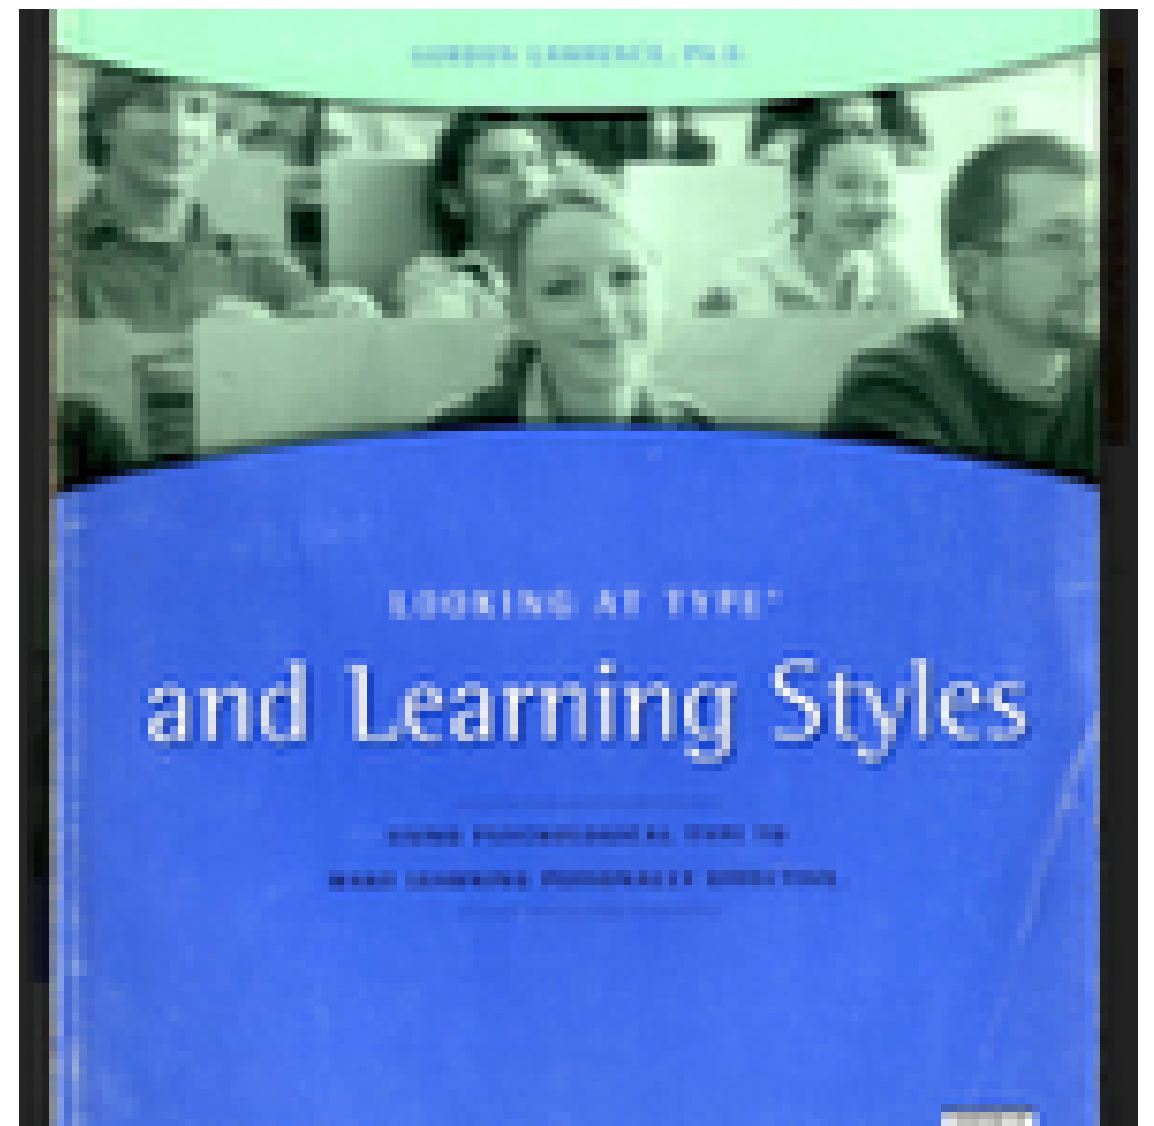

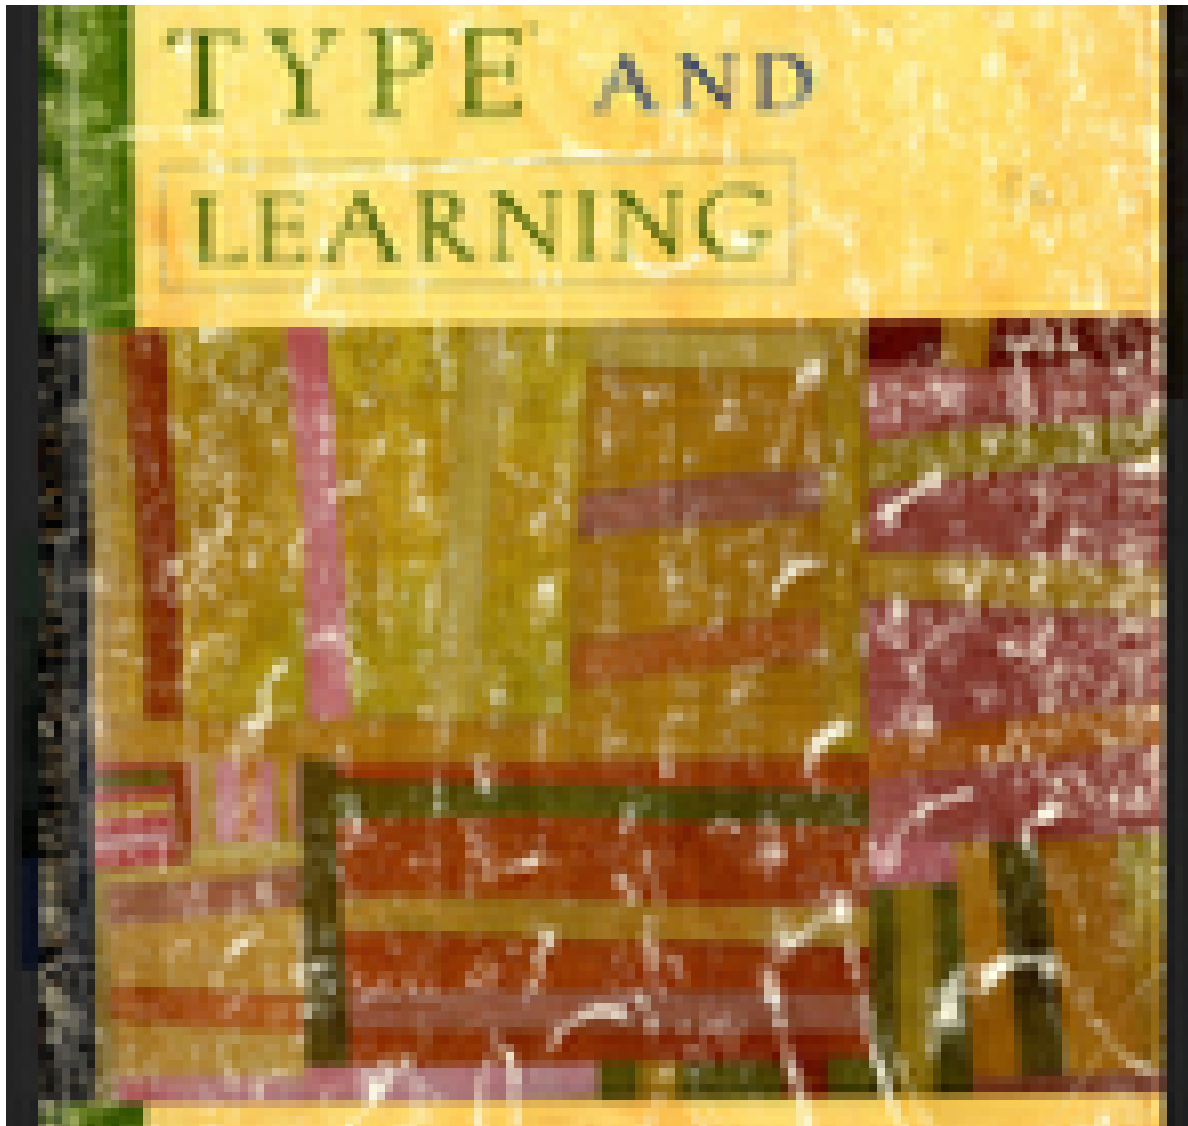

## PERSONALITY TYPES AND LEARNING STYLES

The book guides about personality types and learning styles for each type.

## A rich collection from Dr. Qamar's library

These books provide a detailed exploration of the different learning styles associated with each of the 16 personality types, offering effective teaching methods tailored to each type. This comprehensive approach ensures that educators can better understand and address the unique needs and preferences of their students.
